Together we can ensure that the next generation will have the educational advantage to address the environmental challenges of the future.

Each year at FortWhyte Alive, 35,000 Manitoba children participate in Canada's leading environmental education program, coming into direct contact with the natural world, bringing their textbooks to life, and raising awareness of their role in sustaining our planet.

Over and above its student program, FortWhyte hosts 65,000 public visitors, who enjoy the many interpretive trails, Bison Prairie, and fishing, in addition to the fascinating indoor displays and unique recreational programs.

On Wednesday, July 27, 2011, one hundred and forty friends of FortWhyte will gather at Pine Ridge Golf Club for an event that will raise over \$35,000 toward environmental education programs for youth.

Your support of this tournament will provide your company with enhanced community profile and the opportunity to promote your company to a group of FortWhyte's greatest supporters.

Thank you for your consideration.
