

How many different species did you identify?

Summer	Winter	Spring/Fall	
35 – 40	10 – 13	50 – 60	Expert
25 – 34	6 – 9	25 – 49	Average
0 – 24	0 – 5	0 – 24	Novice

Birding at FortWhyte Alive

This checklist of birds found at FortWhyte Alive was compiled by staff, members and volunteers of FortWhyte Alive. Birds are listed according to the A.O.U. Checklist of North American Birds.

Status of occurrence at FortWhyte is indicated as follows:

R – Resident: Regular throughout the year

S – Summer: Regular except in winter

W – Winter: Regular, but only in winter

M – Migrant: Regular in spring and/or fall

U – Uncommon: Rare or irregular occurrences (normal range close to FortWhyte)

ac – Accidental: Very rare occurrences (normal range remote from FortWhyte)

* – Known to breed at FortWhyte

Observations of interest (e.g. accidentals, birds not listed, new breeding records) should be reported immediately to FortWhyte Alive at (204) 989-8355.

Revised September 2016.
