Outdoor Education at your school

*NEW!*

2021 ON LOCATION PROGRAMS
FOR GRADES K-12
YOU CAN ALWAYS BE CERTAIN ABOUT NATURE

The 2020/21 school year is going to be like no other. As schools work diligently to maintain a safe environment for students to learn in, we want you to know that FortWhyte is here as always to help.

We have designed a series of programs that we can bring to your schoolyard to engage your students in outdoor learning. Our interpreters will offer a safe learning experience by using proper sanitizing and physical distancing procedures.

All programs are linked to the curriculum to support your in-class learning.

Kindergarten & Grade 1

WINTER WONDERS

Ignore your instinct to hibernate! Winter is active and alive and waiting here for you! Discover the wild world of snowflakes. Look for signs of animals that are active during the winter and learn about the critters that depend on the snow for their survival.

SLO: K-1-05, 06, 07 / 1-1-07, 10, 14 / 1-4-04, 09, 16

Maternelle et 1ère année

MERVEILLES DE L’HIVER

Ignorez votre goût d’hiberner! L’hiver est en vie et elle vous attend! Explorez le monde merveilleux des flocons de neige. Regardez pour les signes des animaux qui sont actifs pendant l’hiver et venez découvrir comment les créatures ont besoin de la neige pour survivre.

RAS: M-1-05, 06, 07 / 1-1-07, 10, 14 / 1-4-04, 09, 16

Grade 2 & 3

SUBZERO SCIENCE

Come investigate the importance of water for all organisms on the planet. Delve into the frozen world as you compare and contrast the properties of snow and ice. Find out how plants and animals have adapted to our snowy conditions.

SLO: 2-2-02, 03, 04, 14 / 2-4-06, 07 / 3-1-03, 08, 12, 13

2e et 3 année

LA SCIENCE SOUS-ZÉRO

Venez examiner l’importance de l’eau pour tous les êtres vivants. Immergez-vous dans le monde gelé pour comparer les propriétés de la neige et de la glace. Découvrez comment les plants et les animaux s’adaptent à la neige.

RAS: 2-2-03, 04, 14 / 2-4-06, 07 / 3-1-03, 08, 12

Grade 4

ADAPT OF DIE

Nature can seem wonderful, surprising, and strange, thanks to the amazing ways that living things are able to survive. Students will learn how the plants and animals in Manitoba use physical and behavioural adaptations to find food, shelter, water, air and space through interactive activities and a schoolyard hunt.

SLO: 4-1-01, 02, 03, 04, 07, 09, 15

Grade 5

WEATHERING THE CLIMATE

Whether the weather is cloudy or clear, it’s something we all have to face. Learn the difference between weather and climate, and use weather instruments to make a meteorological forecast for your schoolyard, as you discover how weather and climate both affect our environment.

SLO: 5-4-01, 02, 06, 07, 09, 13, 14 16, 18

Grade 9 – 12

SNOW SCIENCE

Become a snow scientist by dissecting a snowbank and comparing crystal type, temperature and water content between samples. Information about snow can inform us about how local climates are changing over time.

S2-4-02, 08
SCIENCE + SOCIAL STUDIES PROGRAMS

Grade 4 – 6
DUE NORTH - THE CHANGING ARCTIC

Think like an arctic scientist by discovering the effects of climate change on snow, the Arctic food chain, and Inuit communities with traditional knowledge of the land and ice. Test out your snowshoeing skills and get connected with ways to slow the change by reducing pollution closer to home.

SLO: 4-1-01, 04, 07, 09, 10, 11, 14, 15 / 4-2-01, 07 / 4-KI-013, 4-KH034, 036, 038 / 5-2-08 / 5-4-01, 06, 16, 17, 18 / 5-KI-006

Grade 7 & 8
ARCTIC EXPERIENCE

The impact of climate change on snow and ice, Inuit communities and the Arctic food web will come to light as you explore through hands-on experiments and games. Test out one of the traditional methods of transportation of the Inuit, snowshoeing. Learn about how pollution in the South is affecting the North, how can we reduce our carbon footprints?

SLO: 7-0-5a, 7-1-01, 11, 7-2-03, 23 / 8-0-5a, 8-3-06, 09 / 7-KC-002, 7-KL-026, 027, 029, 7-VE-017 / 8-VI-004

ADVENTURE PROGRAMS

Grade 5 – 12
WILDERNESS SURVIVAL (1 HOUR)

Are you prepared for being lost in the woods? This introductory program will teach teamwork, knowledge and basic skills around wilderness survival. Students will decide on necessary equipment in a survival kit, learn fire or water survival techniques, construct an emergency shelter on their school grounds, find direction without a compass, and signal for help in a survival situation.

SLO: 5-, 6-, 7-, 8-S-100, 103, 104, 203, 207A, 208, 301, 303 / 9-, S2-S100, 202, 303 / 5-2-11, 7-2-08, 8-4-15, S2-2-05 / A.1.6, K.3.[5-9].A.2, K.3.[5-9].A.3, K.3.[5-9].

WINTER FUN DAYS AT YOUR SCHOOL!
JEUX D’HIVER À VOTRE ÉCOLE!

Winter Carnival / Carnaval d’hiver

Get active with a snowshoe hike, awaken your senses with a scavenger hunt, and play traditional Arctic games.

Soyez actif avec une randonnée en raquettes, éveillez vos sens avec une chasse au trésor et jouez aux jeux traditionnels de l’Arctique.

Vive le Voyageur

Get active with a snowshoe hike, trade with the chief and play voyageur games.

Soyez actif avec une randonnée en raquettes, échangez avec le chef et jouez à des jeux de voyageurs.

Outdoor Skills / Compétences en plein air

Get active with a snowshoe hike and test out your shelter building skills.

Soyez actif avec une randonnée en raquettes et testez vos compétences de construction d’abri.

Welcome to Winter / Bienvenue a l’hiver

This program is geared towards students who are spending their first winter or two in Canada. Get active with a snowshoe hike, awaken your senses with a scavenger hunt, and play traditional Arctic games.

Ce programme s’adresse aux étudiants qui passent leur premier ou deuxième hiver au Canada. Soyez actif avec une randonnée en raquettes, éveillez vos sens avec une chasse au trésor, et jouez à des jeux traditionnels de l’Arctique.
TEACHER PROFESSIONAL DEVELOPMENT

OUTDOOR EDUCATOR

Do you want a school culture valuing high-quality outdoor learning? This professional development plan will help!

*Outdoor Educator: Get Out And Teach* builds confidence in educators in taking their lessons outside through dynamic presentation and hands-on examples, teaching ideas and plans, and sharing local ecological knowledge. FortWhyte offers ongoing support before and after the workshop, too!

If a full PD day isn’t your style, FortWhyte offers consultation services that will help you craft the best outdoor learning opportunities for students (and staff) at your school and around your community.

90 min session: $175  
Half day session: $200  
Full day session: $350  
Consultation service fees vary depending on request.  
Contact education@fortwhyte.org for more information.

NATURESCAPE FOR EDUCATORS

*Naturescape For Educators* combines lesson plans and practical information for greening your schoolyard, in ways big or small. We can help with project ideas and resources, schoolyard visits and local expertise.

Contact education@fortwhyte.org for more information.

BOOK YOUR PROGRAM ONLINE USING OUR BOOKING REQUEST FORM

fortwhytealive.formstack.com/forms/bookingrequest

What we need from you:

- Access to a washroom
- Access to refill water bottles
- A guarantee that students have washed or sanitized their hands before program
- A few pictures of your schoolyard so we can design the perfect program for you
- Students grade 4 and up will be wearing masks as mandated by the Province of Manitoba

What you can expect from us:

- All our staff have passed a self-screening tool the day of your program
- All equipment will be sanitized
- Staff will wear masks or shields
